About Me

I am a Ph.D. student in computer science at Politecnico di Milano, where I am advised by Prof. Nicola Gatti. My current research focuses on online reinforcement learning (RL) in constrained Markov decision processes. In particular, I am interested in combining online (machine) learning theoretical tools with optimization techniques to build strategic agents able to act in complex constrained online environments.

Education

- **Politecnico di Milano** — *2022 - now*
  PhD in Computer Science — Milan, Italy
  ◦ Advised by Prof. Nicola Gatti
- **Columbia University** — *February - April 2025*
  Visiting Scholar — New York City, USA
  ◦ Working with Prof. Christian Kroer at IEOR Department
- **Politecnico di Milano** — *2019 - 2022*
  Msc in Computer Science and Engineering — Milan, Italy
  ◦ Grade: 110 cum laude/110
- **Politecnico di Milano** — *2016 - 2019*
  Bsc in Computer Engineering — Milan, Italy

Experience

- **lastminute.com** — *June - September 2024*
  Machine Learning Scientist, internship — Chiasso, Switzerland
  ◦ In charge of developing online learning algorithms for dynamic pricing
- **Polimi Artificial Intelligence Research and Innovation Center (Airic)** — *August - October 2022*
  Research Scientist, internship — Milan, Italy
  ◦ In charge of selecting State-Of-The-Art artificial intelligence techniques and applying them in real world business oriented scenarios

* stands for equal contribution

Teaching

- **Probabilità e Statistica Matematica, TA** *Spring 2024*
  Politecnico di Milano
  ◦ Bsc in Management Engineering
- **Statistica, TA** *Spring 2024*
  Politecnico di Milano
  ◦ Bsc in Mechanical Engineering

Service

- **Reviewing:** ICLR (2025, 2026), ICML (2025), NeurIPS (2025)

Programming

- **Programming Languages:** C, Java, Python, SQL, Ampl

Additional Information

- **Languages:** Italian (Native), English (Proficiency level)
